Highlights

Idaho Falls School District #91 is deeply involved in implementing State Standards and meeting the requirements of the No Child Left Behind Act, including the implementation of Plato curriculum. District and School Level Planning efforts have focused on the needs of all learners. The district is using a combination of extended day and extended year programs to help students become proficient and at the same time has stressed AP and concurrent enrollment courses for the more able learners. A new electronic planning template has been systematized, which has unified all data sources and planning efforts. District-wide In-service on the book, Classroom Instruction that Works.
